

# Brownie Badge Checklist

## Brownie Handbook

### Legacy: Citizen

- Step 1 — Go on a flag hunt**  
Look around the Star Spangled Center for all the America flags, five pointed stars, and eagles that you can find.

### Legacy: Citizen

- Step 2 — Choose national songs**  
Sing patriotic karaoke in the Legislative Branch of the Star Spangled Center. What do these songs mean? Why are these songs great for America? Which songs do you like the best? (Use your Brownie Handbook to understand the Star Spangled Banner)

### Legacy: Citizen

- Step 4 — Be a landmark detective**  
Use the paper in the Legislative Branch to find symbols of the national landmarks in the Star Spangled Center. After you find them, stamp your paper and read about what makes them each unique and important and finish by stamping that you have found the landmark.

### Money Manager

- Step 1 — Shop for elf items with your elf doll**  
Go to the market in The Village and shop for food for you and your elf doll (pretend if your elf doll isn't with you). Take turns being the customer and the store owner.

## It's Your Planet – Love it Journey

### Senses

- Step 2 — Listen to the world**  
Go up to the 2nd floor into the Sound Room. Listen to the telephone in the middle of the room. Do you hear different sounds? Can you identify the sounds? Do other Brownies hear the same sounds as you, or do they hear different sounds?

### Senses

- Step 3 — Put your nose to work**  
Go up to the 2nd floor into the Observation Station. Smell the different scents in the containers in the middle of the room. Can you guess them all correctly? Which ones did you get wrong? Did other Brownies get them right?

## It's Your World – Change It Journey

### Computer Expert

- Step 1 — Paint or draw with an art program**  
In the Mystery Mezzanine, near the back, create an art project with the computer spin-art. After you finish, you can email it to yourself to print out at home!

### My Best Self

- Step 4 — Knowing what to do if something bugs you**  
On the 2nd floor, go into the Fitness Center and try different activities. Which activities would make your body feel happier if you were upset? Which activities do your friends choose? Will you use these fitness activities at home if something were to make you upset?
